Content Solutions Awarded Certification

Denton, Texas—October 2004: Content Solutions was awarded certification as a Woman-Owned Business Enterprise by the Women's Business Council-Southwest and as a Historically Underutilized Business by the Texas Building and Procurements Commission.

To receive certification, business owners must complete a stringent application process that includes providing complete documentation of the business as well as an on-site interview. Certification is awarded to businesses that are at least 51% or more women-owned, controlled, and operated, open for at least six months, and the business owner is a US citizen or legal resident alien.

"I am very excited to receive certification," stated Louellen S. Coker, Owner. "This certification will allow me to expand my client base and have access to training and support that will help make Content Solutions successful."

About Content Solutions

Content Solutions is a full service publications business which meets the content needs of clients by using technical, creative, and communication skills to create award-winning publications that are innovative, engaging, and purposeful.
